Crime And Disease To Be Regarded As Same - Treatment To Replace Punishment

"Experts" To Dole Out Compulsory "Cures"

(Republished from Don Bell Reports,  
Box 2223, Palm Beach, Fla.)

In Washington, I have observed at first-hand some of these mind-changing, news-managing pressures. These are the result of carefully planned and timed operations. Take the case of the administration-inspired resolution introduced this month by Sen. Warren Magnuson (D-Wash.) calling on the President to set up a 15-member Council for Expanded Trade with the Soviet bloc. This maneuver was designed to give the impression that the administration was being urged to make a policy change.

In propaganda circles this is known as a "grey operation." It is called a "black operation" when a source induces an enemy outlet to propagandize its message. It is called a "grey operation" when it induces a friendly source to do so. The label "white" connotes an aboveboard action admitted by the originating source. The purpose of this whole strategy is to achieve what the opinion molders call "consensus," which is becoming a code word for thought control.

—Edith Kermit Roosevelt,

Between the Lines, Feb. 28, 1965.

### Planting the Germ

When Hubert Horatio Humphrey takes every possible public occasion to reiterate that "A federal police is something we do not want," then it becomes apparent to the Washington-wise that a federal police is the thing we are going to get. When high officials protest too much, watch out. Woodrow Wilson insisted that we would never get entangled in World War I; FDR was repulsed by the idea of sending American boys to Europe; Winston Churchill protested the very thought of dismemberment of the British Empire.

Nobody wants a national police force. That's why we're hearing so much about it these days. The idea of its inevitability must be planted in the minds of the people.

William S. White is a journalist used often for the planting of ideas. A recent article written by this gentleman illustrates the method of planting. We quote the entire article:

### National Police Ominous Threat

Washington—A great and ominous cloud is gathering over one of the deepest rights of our tradition—the right to keep the basic police power close to home and closely in control of the home people.

Where does the bell toll for this, the most venerable and the most irreplaceable touchstone of the liberties of free men?

It tolls in the increasing ineffectuality of local law enforcement against ordinary crime in so much of the nation at large. And it tolls in the terrible stain of mindless police brutality against minorities, and "out" groups generally, as illustrated most recently, most notably and most tragically in Selma, Ala.

Oh, What A Tangled Web We Weave,  
When First We Practice To Deceive.

—Scott

Unless the criminal law can be vindicated soon against the switch-blade and rapist set in the North, and unless reason and restraint can be brought to bear against the bloody-minded and bull-whip sort of cop seen here and there in the South, we are eventually going to have an all-powerful national police system in this country.

No nation on earth, except perhaps in one or two instances in continental Europe, has raised up such an all-powerful system without inviting tyranny in at the back door. In the jack-booted torturers of the SS and Gestapo of Nazi Germany, and in the grim varieties of pistol-whipping thought-controllers in the Communist countries, that system is raised to its apogee of evil. But even in its less vicious manifestations, personal liberty as we know it has rarely survived intact.

All the same, an insistent demand for order at almost any cost is rising from Northern urban communities where women and children—and men, too—can no longer go safely about their lawful concerns.

And all the same an insistent demand for an end to police violence in the South at almost any cost is rising from the conscience of decent people of both North and South. Soon the vastly important qualifying phrase "... at almost any cost" may be heard no more. And then will fall into the lifeless dust the most wise and civilized concept of man's proper relation to the public authority—the concept of local enforcement locally restrained or locally spurred, as need may be—that a thousand years of experience has brought to humankind.

It is to this, the increasing peril to certain state and local rights which are much older than this country in their principles,

to which President Johnson's anti-crime program is directed. There are aspects of that program that may seem to many, as they seem to this columnist, to give too much credit to an old fallacy. This fallacy sees crime and violence as largely the product simply of poverty and so on and hardly ever as the product of the human reality that there is some evil in all men and in some men an incurable evil that will never yield itself to reformist notions like better housing.

### Above Politics

Nevertheless, the central philosophy of the program is one to engage the best thought and best exertions of all who wish to preserve our surviving traditions. There is nothing here of partisanship, nothing that is Democratic, nothing that is Republican. This is an immense and fateful national issue hardly less poignant than the common defense of the nation from foreign assaults.

The unique necessity here is to defend justice alike from those—not excluding, sometimes, some of our courts—who habitually take an overly compassionate attitude toward criminals and those to whom police violence is entirely right and proper, so long as it is practiced upon some other poor devil.

For the grand and final objective here is infinitely more than returning order to the cities and fairness to minorities who may wish to walk in protest. It is the preservation of the profound and precious amalgam of liberty-under-order, and in just that order of value—that is, liberty first, but order following not far behind.

### The Conspiratorial Strategy

Whatever the Plan, the same formula always seems to work, and it always seems that the Plan has been put into operation because of the demands of the people (consensus). It goes like this:

1. Prepare the Plan;
2. Create an emergency demanding solution;
3. Present the Plan as the only solution, using the "grey operation," "black operation," "white operation," or a combination of them to propagandize, agitate, educate and popularize the Plan (see Edith Kermit Roosevelt's statement prefacing this letter). Finally, the "consensus" demands adoption of the Plan;
4. The pre-written Plan is made the "law of the land" by demand of the consensus.

In the particular case under study, the Plan was a National Police Force; a concept so drastic and inhuman (to say nothing of anti-Christian and anti-American aspects of the Plan), that an actual "social

—o— Please turn to page 2 —o—

## National Police Force

— Continued from page 1 —

revolution" would be necessary to induce the people to agree to such a system.

So, a "race problem" was created, to focus national attention on local problems (indeed, to focus international attention on local problems). In addition, local and State Police were so restricted and handicapped by Court decisions that normal law enforcement became impossible. Police literally find it impossible to maintain law and order, everywhere in the country. They can arrest thieves and murderers and rapists, but they seldom see convictions; and when convictions are secured, the criminals are soon released on some technicality or other (this is particularly true of convicted Communists and murderers). Whenever a Police Department works too hard at its appointed tasks, then come charges of brutality, or corruption, or bribe-taking. In Metropolitan areas, citizens are now afraid to cooperate with the Police, fearing personal reprisal if they assist in maintaining law and order.

The Planners have, viciously and inhumanly, "created the emergency."

Now comes the time to present the Plan (by way of such as Hubert Horatio Humphrey and William S. White).

Later, given time for further propaganda, agitation, education and popularization, the "consensus" will demand a national police force.

### The New Concept of Crime

If, in the manner of the chess player, we look beyond the next move, we will see that the creation of a national police is not an end in itself. The real purpose is to create an entirely new concept of crime.

In the traditional Christian and American sense, crime is defined generally as an offense against society or against fellow man. Such crime is punishable according to prescribed and accepted law. This is what is known as justice, in which the tempering quality of mercy often plays a part. With man as with God: there can be no mercy unless there first exists justice; and there can be no justice unless there first exists law.

But the "humanitarian" concept is entirely of a different order. Under this concept, crime is not one man's offense against society, but is society's offense against one man!

This is the basis of all this clap-trap about a man being the victim of his environment, or of ignorance, or of poverty, etc. Society is guilty of the crime, not the man who committed it.

And this leads to the second premise: if society committed the crime, then the individual cannot be punished, he must be healed. He is not a criminal, he is psychologically sick.

Under this humanitarian concept, crime is no longer crime, it is some pathological disease. Therefore the person must not be punished, he must be cured.

According to this humanitarian theory, to punish a man because he deserves it, is mere revenge, and therefore barbarous and inhuman. Instead of being punished, he must be given therapeutic treatment. It sounds very wonderful at first reading (as do all of Satan's theories).

But at the point where treatment replaces punishment, this is the point where the psycho-politician must replace the judge and the jury!

Who will be qualified to determine sentences when sentences are no longer held to be punishment for a specific violation of a specific law? If it is to be a "cure" and not a punishment, then only an expert "penologist" can fix the healing method to be used, and only an expert psychotherapist can determine how long it will take to cure the subject. Crime and punishment, justice and mercy, have been taken out of the hands of the jury of peers and the judge, and have been handed over to an elite group of phony Freudian experts who will prescribe "cures."

Arthur Sylvester

As Assistant Secretary of Defense, Arthur Sylvester, former newspaper columnist, stated that the government had the right to lie to save itself.

As one Christian writer remarked:

"The humanitarian theory, then, removes sentences from the hands of jurists whom the public conscience is entitled to criticize, and places them in the hands of technical experts whose special sciences do not even employ such categories as rights or justice . . ."

But, remember, this "cure" of criminals is to be compulsory, and only the "experts" can tell how long it will take, or what the "criminal" must suffer, before he is pronounced "cured."

The first result of this humanitarian theory is, therefore, to substitute for a definite sentence, an indefinite sentence terminable only by the word of these "experts" — and these "experts" are not experts in moral theology nor even in the law of nature!

It works out like this: Experts will determine what constitutes crime (or pathological illness), experts will determine the punishment (or cure), — and those once solid Christian and American foundation stones called Law, Justice, and Mercy, will disappear forever. Eventually — as has already occurred in Russia and other totalitarian countries — the only "crime" will be a crime against the State; all other things will be diagnosed as "disease" to be "cured" as the "experts" decide.

To be taken without consent or due process from your home and friends; to lose your liberty and your rights (civil or otherwise); to undergo all those assaults on your personality which modern psychotherapy knows how to deliver; to be remade after some pattern of "normality" hatched in a Viennese laboratory to which you have professed no allegiance; to know that this "cure" will never end until you grow wise to cheat them, or until they have destroyed your mind and soul in their hell — this is the new and "humanitarian" concept of law and order.

No wonder they require a National Police Force!

In the final analysis, this new humanitarian theory wants to abolish justice and substitute mercy for it. This means you start being "kind" to people before you have considered their rights, you force "kindness" upon them which they have a right to refuse, "kindnesses" which no one but you will recognize as kindnesses and which the recipient will feel as abominable cruelties. You see, mercy detached from justice grows unmerciful; and justice detached from Law becomes injustice; and Law detached from God becomes lawlessness!

And the key to the accomplishment of all of this Satanic System of so-called justice rests on the establishment of a National Police Force. So, we will be told in a thousand ways that such a thing as a national police is a horrible thing to consider, the Administration will be "against"

it; but, finally, will concede to the demands of the "consensus," and establish a federal police. When Satan appears as a minister of righteousness, he will deceive all but the elect. And the elect will truly find the Camp of the Saints surrounded. But the "Breath of His Mouth" remains a sure salvation to the Saints.

# JEWISH PROSELYTIZING THROUGH HILLEL CENTERS

"Woe to you, Scribes and Pharisees, hypocrites! because you traverse sea and land to make one convert; and when he has become one, you make him two-fold more a son of hell than yourselves."  
—Matthew 23: 15

By Fra Ottone, Rome Correspondent

More and more does one see coming to the surface, evidence of the successes attained by the Hillel Schools for proselytizing which during the past forty years or more have assumed in the United States and elsewhere the leadership in inter-religion work. These Hillel Centers, similar to the Schools of Pharisaism antedating the coming of Christ, are specialized training institutions for proselytizing among the Gentiles. There are now in the United States some 200 of these Centers located in American Colleges serving as propaganda centers for the Jews and featuring lectures to befuddle the Christian minds.

Many Christian clergymen, Catholic and Protestant, who in all sincerity and in good faith have collaborated with the modern Hillelites in inter-religion work, have been generously honored and handsomely rewarded socially. However these ingenuous Christian collaborators were no match for the master promoters of inter-religion work. They soon became an easy prey and were led like sheep into pastures wholly alien to them. These Hillelite proselytizers while showing great prowess in mental gymnastics manifest little or no restraint by the time honored Christian virtue, intellectual honesty, in their efforts to convince the Christian world that the word "Jew" involves the concept of "race"; that the word "Jewish" relates to "religion."

Alfred Lilienthal, author of the scholarly work "What Price Israel," wrote on the subject of "Racial Myth" as follows: "The Jewish racial myth flows from the fact that the words Hebrew, Israelite, Jew, Judaism and the Jewish people, have been synonymously used to suggest historic continuity."

Benjamin Freedman in his scholarly study "Facts are Facts" stated that the Jews can correctly identify themselves by their religious belief if they so wish by identifying themselves as Judaists if they profess Judaism as a religious belief. But they cannot truthfully describe themselves as "Jews" because they are not in any sense "Judeans." The words "Jew" and "Jewish" are incorrect. The words "Jew" and "Jewish" do not belong in the English language if the use of correct words is of interest to the English-speaking people. The word "Jew" has no root in "Judaism."

A recent sample of naivete on the part of Catholic Christian educators responsible for the insertion of modern and progressive illustrations in Catholic School textbooks reflecting the subtle propaganda of the Hillel Schools now being fed to young Catholic Christian minds, is seen in the May 23, 1965 edition of the Trenton Sunday Times Advertiser. An illustration is accompanied with the following words: "a new image; the illustration reflects the new image of Christ, stressing Jewishness, and rejecting the principle of collective Jewish guilt for the Crucifixion."

Here we have recent evidence of the hard-earned fruits of inter-religion workers under the auspices of the Hillel Centers of proselytism, but at the expense of historical truth and by the downgrading of Christian truths. These textbooks are now being offered to young Catholic readers to inculcate in their minds the concept of the Jewishness of Christ; to remind them that they are to reject the principle of the collective guilt of the so-called "Jewish people" (in reality a Jewish myth) for the Crucifixion of Christ.

Are not the Catholic Christian educators aware that the Hillelite scholars, past masters in semantics and followers of the proc-

This illustration from a Catholic school book reflects the new image of Christ.

As Bernard Lazare (a Jew) in his book "L'Antisemitisme," asserts (translation), page 350:—

"The Jew is not satisfied with de-Christianizing, he Judaizes, he destroys Catholic or Protestant faith, he provokes indifferences but he imposes his idea of the world, of morals and of life upon those whose faith he ruins: he works at his age-old task, the annihilation of the religion of Christ."

The American Jewish Committee plainly states its objective in this regard in its 1954 Budget. We quote:

"New projects for 1954 included work in the Catholic textbook field: New efforts will be made . . . to seek publication of revised editions of Catholic textbooks through the good offices of Biblical Association. In addition, we will help the Committee on Citizenship of the Catholic University of America in preparation of texts on Jews and Judaism."

(AJC Budget 1954, pg. 57).

esses of pharisaical reasoning antedating Christ, have reduced Mosaicism to Talmudism? Are they not alert to the fact that these distorters of the truth could not have found a better medium than the Christian Catholic textbooks with which to continue their proselytizing? Are they not aware that the last remaining barrier preventing the complete take-over and subjugation of the Christian mind by the Pharisaical teachings of the Hillel Centers, is the Catholic faith? Are not these Catholic Christian educators now responsible for the subversion of the minds of the Catholic youth by the insidious propaganda now contained in their textbooks? Why will not the Catholic educators in the United States stand up and fight for the truth?

What can the Catholic laity think and say concerning this apparent indifference or impotence of the Catholic educators who choose to remain passive at the ease in which the Hillel doctrines are reaching the minds of the Christian youth? Why do these Christian educators permit the continuance of the "monstrous lie" that Christ is a "Jew"? Why do these educators permit the Zionist oriented-Jews to continue to spread the "big lie" that Catholic dogma and its teachings and traditions have been and still are responsible for the difficulties encountered by the Jews, when they know that anti-Jew feelings (not anti-Semitic) are due to the application of their Talmudic precepts to everyday living? Why do not these Catholic educators inform the Christian laity that the word "anti-Semitism" has been conveniently coined by the "Jew" to render the Christian powerless in his attempts to defend himself against Zionist conspiracy?

The above questions require answering and are not issues to be avoided because dubbed "controversial or anti-Semitic" by the enemies of Christ. The ministers of Christ since the time of St. Peter fought continuously to ward off the effects of proselytizing and suffered persecution thereby. Christian educators and leaders cannot remain indifferent today if truth is to prevail. They must, if they remain true to their calling, follow the teaching contained in Verse 37 of St. John: "For this I came into the world; that I should give testimony to the truth. Every one that is of the truth, heareth My voice."

The barque of St. Peter is now traveling in perilous waters with the forceful introduction of the Jewish problems as agenda for discussion by the Council Fathers at the coming sessions of the Ecumenical Council in September. The American Council Fathers have been responsible in the main for the introduction of the Jewish problems into the affairs of the Council. In so doing they have accepted as true the "big lie" taught and spread by the Hillel Centers of subversion which charge that "Deicide and anti-Semitism" stem from the writings of the Evangelists who narrated the drama of the passion and death of Christ.

The cause of truth now requires that all Christians, Catholic and Protestant alike, should warn their church leaders to desist from pressuring the European and Oriental Church Fathers to discuss the Jewish problems at the coming sessions of the Ecumenical Council.

# THE MARK OF THE BEAST

By Dr. T. J. Toma, B.S., D.D.S.

On Tuesday, Nov. 27, 1962 there appeared in the Los Angeles Herald-Examiner on page 14 a picture of four men, smiling, happy and well satisfied with themselves. Mark these men well. They have just succeeded in installing International Communism and Political Zionism permanently in the Western Hemisphere. They have placed Cuba and its people under the iron heel of Communist Castro and guaranteed its existence as a Communist nation.

These men profess to represent the people of the entire world. They operate within the framework of the United Nations Organization. They have been placed above all sovereign governments and have never been subjected to the restraining voice and vote of the citizens of these governments. In all cases where the people have had an opportunity to express their judgement by secret ballot they have been rejected. These men represent Eastern European Communism, Atheistic Asia, Black Africa, and the nations of the Christian Western World.

In that order they are: **Anastas Mikoyan**, number two representative of Eastern Communism and its master, Political Zionism. He has just returned from spending 24 days with Castro and has now completed the work of placing the people of Cuba in bondage to Atheistic Communism. He is one of the most sinister characters in the world today. Of Khazar-Mongol extraction his is a program of destruction against Christian Western culture.

**U Thant**, acting Secretary-General of the United Nations and representative of Asia, Communist appeaser and agent of Asiatic Political Zionism. Spawned in the mass of Asiatic millions he rose to power in the United Nations Organization through the death of his predecessor, Dag Hammarskjöld. With the disdain of an Oriental he looks, with eyes of hatred, on the Christian people of the western world.

**Dr. Ralph Bunche**, Negro, appointed envoy to Africa, member of many Communist-front organizations, once editor of a Communist-front publication and subservient agent of internationalism. With the tenacity of a termite he has pitted his fellow Negroes, one against the other, for the benefit of Communism and Zionism. As Under-Secretary of the United Nations he has destroyed the Christian Negro leadership of Katanga, and has made the Congo another Cuba. Given his way he will work his will upon his own people, in the same way in the Republic of the United States. His job is to destroy the Christian American Negro and place him under the atheistic rule of Zionism. An insidious character, his record smells foul to an honest American nose. A Judas Goat he seeks to lead the American sheep into the Communist fold.

**Adlai Stevenson**, U. S. Envoy to the United Nations. Twice rejected by the American citizens in national elections, spurned by his own political party at its last national convention, he has nevertheless been appointed to this high office by the present administration. Adlai Stevenson was projected into the national limelight and became the darling of left-wing and Communist-Front organizations, when he appeared as a character witness for Alger Hiss, convicted liar and perjurer, and considered, by many people, this nation's number one traitor. The impact of Stevenson and his ilk upon our foreign affairs has resulted in the destruction of the Monroe Doctrine, the emasculation of our sovereignty, and the deterioration of our security. Stevenson, a weak character, is completely dominated by the internationalists. He was, as late as Jan. 4, 1963, characterized by one of this nation's great editorial writers, as "A faker of the purest persuasion." He is, in other words, a

Internationalists seal world slavery plot with treason handshake.

shadow boxer and window dressing for his masters, the political Zionists, who seek to dominate all mankind for their own benefit. A political failure, he seeks the spotlight of world affairs to satisfy his own ego. Given future tenure of office in this appointive position, he will destroy our Constitutional, Christian Republic.

These then are the four men who appear upon this photo. They are the front personalities who have been appointed to deprive the citizens of the Christian Republic of the United States of their sovereign rights. They bear upon their brow the mark of Moscow. Given their way, they will take away from the American Citizens their power of the sword and their power of the purse and all that that power implies and signifies. Theirs is a program of destruction. They must destroy the Western Christian Nations in order that Communism and Zionism may enslave the world. These men are your enemies. They represent a one-world, super government, diametrically opposed to the principles of American freedom, its Constitution and its written laws. They represent a crafty, criminal conspiracy based on fraud, dishonesty and deceit.

The facts that now confront us are plain to be seen. We are to all intents and purposes a nation overthrown. We are a people in bondage. We are in the hands of our enemies. They have almost destroyed our Republic as we have known it. The Constitution of this Republic and its written laws are being by-passed and to a large extent superceded by a one-world government whose existence was brought into being by International Communism and Political Zionism under their front man, Alger Hiss, who was its first Secretary-General. The continuation of this United Nations, with its appointive officials, will destroy our Republic. To place your political and governmental affairs in the hands of this organization will result in the fulfillment of that dream which Alger Hiss, liar, perjurer and traitor, with his fellow conspirators, brought to fruition at Dumbarton Oaks and San Francisco in 1945. The twin evils of the twentieth century, International Communism and Political Zionism, by stealth and insidious encroachments seek to destroy you from within. They have almost accomplished their objectives. Morally, they have already made you bribe givers to communist blackmailers.

The time has come for American Citizens to rise in their wrath and nullify the activities of this destructive organization. Like John the Baptist we must put our axe to the root of this evil. If the present administration continues to tolerate the United Nations with its attempted destruction of our Republic, it will have to face the ire of an outraged citizenry. And the wrath of a God fearing, Christian, free and mighty people, against tyrants and traitors can be terrible and swift. The destiny of this Republic hangs in the balance. The time for action is now. Let us therefore attend to the business of preserving our Christian Republic for the benefit of our posterity.

## Are You An Antisemite?

WORLD FEDERALISM, ATLANTIC UNION, all destroyers of patriotism through wars, revolutions, and slavery, — **You are an antisemite.**

IF you dare attack the power and tyranny of the Labor Union Bosses, — **You are an antisemite.**

IF you denounce the control exercised over the F.B.I. by the Anti-Defamation League, the persecution of loyal Christian patriots contrasted with the protection and immunity granted to spies and Communists of all kinds in the U. S. — **You are an antisemite.**

IF you condemn treason and "turn your back" on traitors of the Alger Hiss variety and other followers of Judas Iscariot, — **You are an antisemite.**

IF you speak of and denounce the "Invisible and Secret Government" in the United States as exposed in Congress and the Press, — **You are an antisemite.**

IF you oppose the butchery of young boys in Korea and elsewhere to impose upon peoples the rules of the international United Nations under the U.N. international flag, — **You are an antisemite.**

IF you dare oppose the tyranny and despotism of International Finance as did Father Coughlin, the late Congressman Louis T. McFadden, the late Senator Schall, — **you are an antisemite.**

IF you believe that the revelations made by Disraeli in his book Coningsby on world control by Jewish power are sustained by historical facts, — **You are an antisemite.**

IF you believe that the diabolical, Machiavellian plans of statesmanship formulated in the Protocols of the Elders of Zion are being gradually applied for the attainment of world domination, — **You are an antisemite.**

Search your own heart and mind and give yourself the answers to the above questions in the glowing light of truth. Gird yourself with fearlessness and indomitable courage. Then, if to be a Christian patriotic American causes you to be stigmatized by the name "antisemite," be justly proud of this title which is not a term of odium but has now become the trade mark of fearless Christian American Patriotism opposed to Communist Internationalism.

If you can ignore the aspersions cast upon your character, your reputation in the columns of a controlled Press, if you calmly defy the Whispering drives started against you, if you can withstand persecution, smear, false accusations, even jail and torture such as the 33 Christian Patriots had to endure in the "SEDITION Case" of 1942 because they were accused of anti-semitism, then be proud of being also called antisemites. This term applied to you is evidence that you are working loyally and faithfully in the service of your Christian Faith and Country.

Philip Francis, for years an editorial writer of great influence in America, and who had had for forty years an intimate connection with journalism, writes: "With a few honourable exceptions, the big papers and magazines of the United States are the most ignorant and gullible, as well as the most cowardly and controlled Press, printed in any Country in the world. The majority of the owners are mere financiers, who look upon their magazines and newspapers simply as money-making mills, and who, whenever it is a question between more coin and good, honest, patriotic, public service, will take the coin every time. (THE POISON IN AMERICA'S CUP, p. 31)."
